For all **meals** every effort is made to ensure recipes, ingredients and preparation methods are **controlled**, but Bicycle Queensland cannot, however, guarantee any meal or food item, including special diets, is exactly as described. It is your responsibility to have available, as you need, suitable food and/or medication which may be necessary to treat any **particular medical condition** from which you need treatment.

Other Special Diets

Use this section if your diet is not covered by the above. Please provide as much information as possible and our catering team will be in contact to assess whether we can cater to your needs. We are able to cater for many special diets, although there are some special diets where we may not be able to. Under these circumstances you need to consider how to self cater or whether participation in the event is right for you. Bicycle Queensland is not able to carry your personal food supply or facilitate cooking of self catered meals.
